Inspection Certificate ENGLISH TRANSLATION

The inspector completes the left half of the Inspection Certificate (*i. Skoðunarsvottorð ökutækis*) where the pre-defined remarks have been listed. Each remark has a maximum of three different ratings; 1 for minimum fault, 2 for larger fault, and 3 that will result of suspension. The remarks have numbers and the translation is as follows:

NO	REMARK	NO	REMARK	NO	REMARK	NO	REMARK
	Visibility	238	Breathing pipe	450	Steering alterations	854	Hoses
103	Wipers	241	Catalytic converter		Chassis	856	Brakes piping (nylon hoses)
106	Washers	248	Engine bay isolation	503	Deterioration	858	Pads and lining
109	Rearview mirrors	249	Electromagnet interruption	509	Chassis alteration	860	Brake drums and discs
112	Headlight adjustment		Body	512	Kick stand	862	Rods, cables and wires
115	Headlight brightness	303	Doors		Wheels and suspension	864	Pressure brake for trailer
118	Headlight lamps	306	Fenderguards	603	Tires	866	Brake cylinders and pistons
121	Headlight connections	309	Splashguards	604	Wheel size	868	Load-sensing valve
122	Other lights and reflect	312	Windshield/glass	606	Rims	870	Brake adjustment
123	Unauthorized lights/reflectors	315	Seat belts	609	Wheel bearings	872	Air leak
124	Parking lights	318	Lower bumper	615	Con.arm/brac.mounting	874	Fuel leak
131	Brake lights	321	Platform, box, tank	618	Springs	876	Selzing
132	Rear lights	324	Cargo fastening	619	Spring on axle	877	Retarder
134	Daylights	327	Loading equipment	621	Shock absorbers	878	Loading/emptying time
137	Indicators	331	Cargo area	624	Wheel adjustment	879	Testing nipple
141	Hazard lights	334	Hood	627	Swaybar	880	Uneven braking
144	Width lights	337	Surface cover	632	Spring/absorb.mount.	882	Deformation
148	Side lights	341	Bumper	635	Bump stops	884	Brake capacity
151	Fog lights	344	Protruberances	638	Axles	886	Decleration
154	Spotlights	347	Seats	639	Axle load capacity	888	Emergency brake effectiveness
157	License plate lights	351	Headrests/handholds/pedals		Power conveyance system	890	Parking brake effectiveness
159	Taxi lights	354	Roll-over protection	703	Gear system	892	Parking brake capacity
160	Emergency lights	357	Body extension	706	Propellar shaft, axles joints	894	Anti-locking system
172	Reflectors	360	Body alteration	707	Axle sleeve		Other
175	Horn	365	Passenger compartment	709	Differential gears	903	Towing attachment
176	Reverse sound signal	368	Television	712	Speedometer	906	Electrical outlet
178	Switches	370	Main door step	715	Pedal cover	909	Battery
186	Defroster	379	Vehicle weight	718	Leak pollution	912	Generator
	Engine and attachment	384	Vehicle dimension	721	Clutch	915	Starter
203	Motor mountings		Steering	724	Driving recording equipment	918	Electrical leads
206	Air filter	403	Rod ends	728	Speed limiter	923	License plate
207	Engine stop switch/cable	406	Bol joints		Braking system	936	School markings
209	Fuel pedal	409	Idler arm	802	Brake pedal	939	Emergency markings
211	Fueltank and pipes	415	Steering box	804	Air compressor/auxiliary	942	Lettering
212	Emmissions leak	418	Power steering	806	Warning system	948	Warning triangle
213	Engine type	421	Protrubb/rack and pin	808	Brake control valve	951	Fire extinguisher
214	Capacity	424	Stiffness	825	Parking brake handle	954	First aid kit
215	Exhaust system	427	Steering wheel	827	Brake valves	962	Gas pipes
218	Noise pollution	435	Steering column	829	Fluid pipe joints	965	Coach emergency equipment
221	CO - content <2000 rpm	438	Tie rods/control stick	837	Compressed air tanks	991	Vehicle category
222	CO - content >2000 rpm	441	Steering stop	839	Master cylinder	992	Use category
224	Smoke density (diesel)	444	Steering shock absorber	850	Antifreeze container		
235	Crank case breathing	447	Trailer steering	852	Pipes		

The inspector gives a written explanation of his remarks on empty lines in the middle left side of the certificate. The bottom section states the result of the inspection, numbered from 0 to 3:

- 0 No remarks
- 1 Repair - should be done as soon as possible
- 2 Repair and return to re-inspection - time limit is given
- 3 Use suspended

The result is normally the same as the highest ranking remark made. If that is not the case, the inspector has made a one special remark in the section named Deviation (*i. Frávik*):

Suspended by police
Only one remark made of the kind that re-inspection is not required
Repair has not been done
Repair has been done but is not complete

If you have any questions about the remarks or the inspection as a whole, please do not hesitate to call us at the inspection station.
